

Testosterone Testing Update

Effective Date: September 14, 2021

Testosterone testing by LC-MS will no longer be performed in house, and instead will be sent to ARUP for analysis. Order names remain the same, and results are interfaced and will appear on the chart.

This will affect the following orders:

- Testosterone, Total, Females or Children (EPIC: LAB6725, SOFT: TESTF)
- Testosterone, Free and Bioavailable, Male (EPIC: LAB7038, SOFT: TESTM)
- Testosterone, Free and Bioavailable, Female or Child (EPIC: LAB6904, SOFT: TESTS)

Testosterone, Total, Adult Male (EPIC: LAB7029, SOFT: TESTG) will still be performed in house.
